

Overall Enquiry Question:

“To what extent is traffic a problem in
Whitstable?”

Data Collection Booklet

Group Number:	
Teacher:	
Name	Role

Traffic Count:

Stand in a safe place on the pavement out of the way of pedestrians. You need to have a good view of the road. Time 2 minutes and carefully tally every vehicle that passes.

Environmental Quality Survey: Complete an environmental quality survey on the bipolar scale. Make sure you make the decision together as a group. What effect would just one person's opinion have on the conclusions to your investigation?

Site 1

LOW QUALITY	Rating					HIGH QUALITY
	-2	-1	0	1	2	
Traffic congestion						Very little traffic
No greenery						Plentiful greenery
Poor quality roads (potholes)						Roads well maintained
Illegal parking						Lots of parking available
Pedestrians unsafe						Pedestrians safe
Pollution (smell/air quality)						Pleasant/neutral smell
Traffic noise						No traffic noise
Ugly						Attractive
Total

Questionnaire

Think carefully about which people you might choose to ask your questionnaire to. How would the type of people you ask affect the reliability of your conclusions?

Introduction: "Hello, my name is _____ and I go to school at Harris Academy Orpington. I was wondering if you would mind answering a few questions for my GCSE geography fieldwork. It will take just 2 minutes of your time."

If they say no: "No problem, thank you for your time."

If they say yes: "Thank you... (then ask questions)"

- 1) Do you live in Whitstable? Yes/No
- 2) If not, in miles, how far have you travelled to get here today? <1 1-2
3-4 >5
- 3) How did you travel to Whitstable today?

Mode of transport	Tally
Car	
Public transport	
Bicycle	
Walk	

4) On a scale of 1 to 5, where 1 means fully disagree, and 5 means fully agree do agree that:

- a. The amount of traffic in Whitstable has increased in recent years.

1 2 3 4 5

- b. Traffic is a problem in Whitstable.

1 2 3 4 5

c. There is enough safe, reliable parking in Whitstable.

1 2 3 4 5
